

SHARETREE “SLIMLINE”**MODEL TC/SLIMLINE/600/LN/-70**

A general-purpose liquid nitrogen (LN2) cooled chamber designed for Thermal Testing of PCB's and small assemblies.

Sharetree **SIMPLEtouch** touch-screen programmer.

Specification	<i>W (mm)</i>	<i>H (mm)</i>	<i>D (mm)</i>
Internal dimensions	600	600	600
External dimensions (max.)	870	1370	1025M
Mobile support stand		+590	
Operating temperature range	+180°C maximum -70°C minimum		
Thermal ramp rate (empty)	+/- 5°C/min		
Temperature control	SIMPLEtouch programmer		
Rated voltage	230V AC 1-phase		
Rated maximum current	16 amps		
Cooling	Integral, single stage air-cooled compressor		
Cable ports	100 mm diameter (each side)		
Nominal chamber weight	300 Kg		
Airflow	Ducted, forced air (front to back)
